

Mrs Swaffer - Assistant Headteacher

I have enjoyed the leadership roles I have experienced since I began teaching in 2004. From leading my department to becoming an Assistant Headteacher, overseeing a large Sixth Form, it has allowed me to develop my skills and knowledge in a wide variety of roles. Teaching the History and Sociology component of A Level Physical Education has always been my passion, and it is a privilege to work with such amazing students who are keen to learn. I have an incredible Sixth Form team, who work tirelessly to support our students on an important chapter of their lives, to enable them to make choices about their next destination and careers. Whilst educating students is the foundation of our role, the pastoral support we give to students is a significant factor too, and contributes to our ethos of supporting the whole child.
